Sides Face Grand Square

*Hands that are strong but wrinkled
Doing work that never gets done
Hair, that's lost some of the beauty
By too many hours in the sun*

And there's been quite a lot in her life*

Promenade

*She's the foundation I lean on
My woman, my woman, my wife*

I'm weak and I'm easily discouraged
She just smiles when I want to stop*

that strengthens my life

When she reaches that river Lord,

you know what she's worth

Give her that mansion up yonder

'Cause she's been through hell here on earth

Lord, give her my share of Heaven

If I've earned any here in this life

God I believe she deserves it

My woman, my woman, my wife
